### Just Hat in Bed

Clyde, Ky.—Mrs. I. A. Decker: "I recommend Cardui, the women's tonic, to any woman in need of a remedy. For five years, I was unable to do my own work. Half my time was spent in bed. At last I tried Cardui. Now I am well and happy, and can do my own work. Don't suffer from pain, headache, backache, and other womanly miseries, when your own druggist has on his shelf a remedy for such troubles—Cardui. Get a bottle for yourself. As a general tonic, for weak women, nothing has been found for 50 years that would take its place. Try it. It will help you.—Advertisement.

### Make-Believe of Flowers.

Cyclamen like to pretend they are cross little animals with their ears laid back; or else that they are little fugitive maidens fleeing very fast across the meadows, with their hair blown back from their lovely faces. Their whimsical trick of play-acting like this is all a part of their quaint mirth. They have, of course, other attributes as well—beauty, and spirituality, and love. Love I feel with flowers particularly. I seem to get hold of that exquisite sense of the whole world's being wrapped in the essence of God's love more often through flowers than through anything else. They are to me indescribably dear merry little companions. My affection goes out to them constantly in a deep, happy reverence. The reverence is not only for the lovely little things themselves, but also for the wonder that is back of them—an ecstasy of worship.—Atlantic.

### The Dog's Ancestors.

According to Charles R. Eastman, writing in the Museum Journal, our modern dogs have a varied ancestry, some being descended from Asiatic and some from African species. The spitz in all its varieties is a domesticated Jackal. The mastiff and St. Bernard and their kind are descended through the molossus of the Romans from a huge wolflike creature that was already domesticated by the Assyrians 3,000 years before our era. The Russian borzoi and the Sicilian hound had their origin in the Cretan hound, which is still common in Crete, and it and its cousin, the Ibiza hound of the Balearic Islands, came from the ancient Ethiopian hound, which was a domesticated wolf. The collie or shepherd dog seems to come down direct from a small wild dog of the paleolithic period.

### NOW DANCE IN BIG HOTELS

"Society" No Longer Bothers to Take Trouble Which the Giving of a Ball Entails on Hostess.

Where social pleasure reigns and day after day is given to entertainment, in such surroundings "only the trouble of living" is left to disturb the equanimity of the pleasure-seekers. The social correspondent of a newspaper in a large American city, writing of balls and ball-giving, says: "It is a most convenient way to give a ball at an hotel, now that so many people live in the country the greater part of the winter. The guests can defy the elements, blizzards and cyclones alike. They motor to town in the morning and take their time to get their hair dressed, their face massaged and their hands manicured. Their dainty person once thoroughly attended to, after lunching at a friend's and getting in full dancing trim they give a dinner party at the hotel, go to the opera or hear 'Siegfried'—the soothing music of which induces cat-naps of beauty sleep while the lights are down—the acts are long you know, and there are four of them in 'Siegfried'! So they arrive freshened-up for the ball about midnight. It is all so easy. No hustling about anything only the trouble of living. No anxiety as to everything being in good shape. If it is not—sometimes it is not, you know—well, it is not your affair. Your guests blame it on the house, and you do, too."

### Sloan's Liniment Eases Pain.

Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than musky plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds, Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. At all Druggists, 25c.—Advertisement.

### The Orange in Spain.

It is considered a very healthful thing to eat an orange before breakfast. But who can eat an orange well? One must go to Spain to see that done. The senorita cuts off the rind with her silver knife; then, putting her fork into the peeled fruit, she detaches every morsel with her pearly teeth and continues to eat the orange without losing a drop of the juice and lays down the core with the fork still in it.—Exchange.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric oil for such emergencies. Two sizes 25c and 50c at all stores.—Advertisement.

### Canvas Tubing.

More or less inconvenience always has accompanied the use of the tin duct, in supplying ventilation to miners and other underground workers. Because of these facts, a manufacturer of canvas bags has set about making canvas tubing, which is meeting with favor where it has been tested. The canvas tube is easily mended when punctured, and is also easily moved.

If You Want The best Separator that is built, buy a Dairymaid.

### THERE IS MORE PROFIT IN YOUR DAIRY

than you ever realized unless you are using a Dairymaid cream separator. The Dairymaid is the only successful chain drive machine on the American market today. The chain drive causes that smooth, vibrationless movement of the bowl which helps give the Dairymaid its close skimming qualities.

The oiling facilities of the machine are excellent. Every part of the mechanism, except the bowl spindle neck bearing, is oiled from an oil bath in which the gears revolve. The neck bearing is self-aligning, non-adjustable, and trouble proof.

If you have been skimming by the old gravity method, or selling your milk, it is time to look for a bigger profit in your dairy.

When examining the Dairymaid separator notice these features:

Chain drive, eliminating vibration.  
Power driven at the base.  
Six-piece frame.  
Efficient disk skimming device.  
Phosphor bronze bearings at all wearing points.  
Splash lubrication from oil bath.  
Trouble-proof bowl spindle neck bearings.
